# Cherokee County, Georgia: A History

By Rebecca Johnston

Cherokee Tribune Columnist and Former Editor

Author of *Hometown Holidays: Memories Throughout the Year*

*Cherokee County, Georgia: A History* chronicles the county's past from the earliest record of civilization to present times. Authored by local writer and Cherokee County native Rebecca Johnston, the book is the first comprehensive history of the county published since 1932. The book will take readers from the times of the Native Americans to the Civil War and the Great Depression, through the years leading up to World War II and up to modern day times. The history tells of events and people who have shaped Cherokee County and allows the reader a deeper understanding of the complexity and drama of the county's past. Rebecca Johnston, best known as a columnist for the "Cherokee Tribune" newspaper, brings decades of experience writing about Cherokee County and her deep love of the community and its history to the new book. Published by the Cherokee County Historical Society and illustrated with pictures from the society's archives, this new hardback book is a must for everyone, old-timer and newcomer alike, who is proud to call Cherokee County home.

*This book is made possible by a generous gift from the Joe E. Johnston Foundation.*
